

## MORAN MEN MAKE ROCK CRUSHER

Delay Action by Council to Remove Blot From City Creek.

## JUMP AT SCANT PRETEXT

NATURAL ASPHALT IS FAVORED BY RESOLUTION.

The contractors who have need of broken rock and gravel and other material that comes out of City Creek canyon made their influence felt at last night's meeting of the city council, when an attempt was made to adopt the resolution terminating the leases of gravel pits and ordering the rock crushers removed from the canyon.

The committee to which the water of removing the obstructions from the canyon and sprinkling the proposed Wasatch boulevard were referred reported in favor of terminating the leases and putting an end to the operations of the rock crushers not later than April 1, 1906. Councilman Hartenstein said he had signed the committee's report with the understanding that he was to be allowed to offer as an amendment that the gravel pit leases be terminated and the rock crushers removed by Dec. 1, 1905.

The statement was seized upon by Councilman Martin, Hottel and others as an excuse to defer action on the resolution, and owing to their objection it went over until the next meeting.

### Asphalt Is Favored.

On recommendation of the board of public works a resolution declaring that in the judgment of the council natural asphalt should be used in paving provided it can be obtained of such quality and quantity as to insure good work and at a reasonable price, was adopted.

President Hewitt announced that the committee would meet Friday evening instead of Wednesday evening, as has been customary in the past, and that the sewer contractor would appear before the sewer committee at its next meeting to tell what progress he is making in fulfilling his contract. Incidentally the application of a citizen for the extension of a sewer to his premises was referred to the committee.

A proposition from the White Cross sanitarium to care for the city's sick and injured was referred to the sanitary committee and the city attorney, with instruction to report at the next regular meeting.

The sanitarian proposes to care for persons sent to the isolation hospital to be treated for contagious diseases at \$32 each, and to handle emergency cases for \$100 a month.

### Miscellaneous Business Done.

City Treasurer Fisher's \$18,000 asked for an additional clerk at \$90 per month.

The council appropriated \$1,600 to pay J. J. Burke for work done on the steel bridge across the Jordan river. Over \$600 of this amount was for extras, for putting foundations under the piers, not provided for in the ready made plans, which the city engineering department allowed a certain bridge company to pull off on it.

P. P. Ford was granted for \$355.33 for sewer and \$705.72 for water main extensions.

Chief William J. Lynch notified the council of the death of five days of Officer W. C. A. Smoot for conduct unbecoming an officer and a gentleman. On motion of Hottel the chief and Officer Smoot were referred before the police and prisoners' committee. Officer Smoot is accused of pawning a revolver taken from a prisoner and left unclaimed.

## SHRINERS NIGHT, POMPEII

Special Fireworks Programme in Pain's Spectacle Is Arranged For This Evening.

"Shriners' Night" at Pain's "Last Days of Pompeii" spectacle will be tonight and in honor of the occasion, and the members of the order, who are to be present in large numbers, there will be several beautiful appropriate fireworks emblems displayed in addition to the regular pyrotechnic programme.

On account of the Elks' parade to-night, the performance of "Pompeii" will be delayed until 9 o'clock, which will afford an opportunity for those who desire to witness the parade and attend the spectacle afterwards.

In spite of the threatening weather last night, another big audience was present, among the crowd being Mayor Richard P. Morris, who seemed to enjoy the unique pleasure of seeing himself "go up in smoke," for one of the features of the display was a huge pyrotechnic portrait of his honor.

From this city "Pompeii" goes to Butte, Spokane and Seattle, en route to Portland, where it will fill an extended engagement at the big night feature of the exposition.

Special firework programmes are being arranged by the management for "Woodman's Night," "Eagles' Night," and "Elks' Night."

### BUSINESS WOMEN

A Lunch Fit For a King.

An active and successful young lady tells her food experience.

"Some three years ago I suffered from nervous prostration, induced by continuous brain strain and improper food, added to a great grief."

"I was ordered to give up my work, as there was great danger of my mind falling me altogether. My stomach was in bad condition (nervous dyspepsia, I think now) and when Grape-Nuts food was recommended to me, I had no faith in it. However, I tried it and soon found a marked improvement in my condition as the result. I had been troubled with getting faint spells, and had been compelled to use a stimulant to revive me. I found, however, that by eating Grape-Nuts at such times I was relieved and satisfied."

However, I tried it and soon found a marked improvement in my condition as the result. I had been troubled with getting faint spells, and had been compelled to use a stimulant to revive me. I found, however, that by eating Grape-Nuts at such times I was relieved and satisfied."

"I wish especially to call the attention of office girls to the great benefit I derived from the use of Grape-Nuts as a noon luncheon. I was thoroughly tired of cheap restaurants and ordinary lunches, and so made the experiment of taking a package of Grape-Nuts food with me to the office. My stomach was sweetened and I found that this simple dish, finished up with an apple, peach, orange, or banana, was a most agreeable lunch for a king and one that agreed with me perfectly."

"I throw up on my Grape-Nuts diet that I did not have to give up my work at all, and in the two years have had only four lost days charged up against me."

"Let me add that your suggestions in the little book, 'Road to Wellville,' are in my opinion, invaluable, especially to women." Name given by Postum Co., Battle Creek, Mich.

"The Road to Wellville" in each pkg.

## YEW JACK IN VIRULENT FORM

New Orleans Officials Held Back the Truth.

## DEATHS SO FAR NUMBER 34

ABOUT FIFTY CASES NOW UNDER TREATMENT.

NEW ORLEANS, July 25.—Tonight, in response to the request of the board of health, the city board of health compiled the figures of suspicious and actual cases of yellow fever and deaths and the figures as issued by the state board show between July 13 and July 21 there were about 100 cases suspicious and positive and twenty deaths.

Since then there have been fifty-four cases and twelve deaths up to the twenty-fourth, making all told 154 cases and thirty-two deaths. Today there were two deaths, making thirty-four to date. There are about fifty cases under treatment.

George E. Young, United States marine hospital surgeon, has been assigned to take charge of the inspection of trains, to cooperate with the states and localities which have instituted quarantine, and he will make his headquarters in Jackson, Miss.

### DISEASE IS VIRULENT.

City Authorities at First Concealed the Truth.

Washington, July 25.—A report received here today from Surgeon White of the public health and marine hospital service, who is stationed at New Orleans and who, under instructions of the acting surgeon general, is engaged in an effort to determine the exact condition with regard to yellow fever in that city, says that the city authorities concede twelve cases and eight deaths have been developed. These are probably many more cases. There so far observed are of a virulent type. Surgeon Wadsworth, stationed at Memphis, who rendered special service during the epidemic at Ocean Springs, 1897, has entered upon a careful inspection of conditions along the Gulf coast from Mobile to Mobile Bay.

Past Assistant Surgeon Young has been ordered from Chicago to Jackson, Miss., to confer with the Mississippi health authorities relative to train inspection.

### Four Cases Aboard Ship.

Port Morgan, Ala., July 25.—It was announced today that four cases of yellow fever have been developed on the steamer Columbia which arrived in the bay Sunday from Colon, on Bocas del Toro, Colombia, was not permitted to go up the bay, but was ordered to the quarantine station at Ship Island, ten miles below here at the mouth of the river. There is no suspicious sickness at the army post here.

### No Fever at Mobile.

Mobile, Ala., July 25.—Dr. Eugene S. Wadsworth, U. S. marine hospital surgeon, detailed by the government to make an inspection of the coast cities, has concluded his investigation at Mobile and reports that there is no yellow fever here.

## GERMAN ASTRONOMERS MAKING PREPARATIONS

Berlin, July 25.—German astronomers are making unusual preparations for the observation of the total eclipse of the sun. The Hamburg observatory will send an expedition to Algiers which will take a series of observations, giving special attention to the electrical phenomena. Photographs of the sky adjacent to the sun will be taken in the hope of discovering a planet which would be visible at the time of the eclipse.

Washington, July 25.—First Lieutenant Lanier Cravens, artillery corps, who was tried by a court martial at Fort Washington, Md., on a charge of drunkenness on duty, was found guilty and sentenced to dismissal, but on the recommendation of the chief of staff, he was commuted to a reduction of ninety-three furloughs in lineal rank.

### CHIEF CLERK ARRESTED.

New York, July 25.—A search of months for a registered letter thief in Norway and Sweden ended today in New York with the arrest of John Callahan, chief clerk of the foreign branch of the general postoffice. The chief clerk, who has been in the service thirteen years, was charged with abstracting mail from foreign registered letters.

### NEGRO LYNCHED.

Memphis, Tenn., July 25.—A Commercial Appeal special from Glendale, Miss., says that a mob of fifty men today took Will Harris, a negro, from a train at Glendale and hanged him to a tree about a quarter of a mile from the railroad. Harris and his brother Henry, who were with him, were also taken to the same place and hanged, respectively, on the James plantation near Sharkey, July 19.

### Calendars, Novelties, Premiums.

Largest line in the west. Tell us your wants. Globe Adv. Co., 46-48 E. Brigham street, city.

### ONE MORE VICTIM.

Death of W. V. Kennedy, Blown Up in Bennington.

San Diego, July 25.—Another death among the injured of the Bennington crew occurred today, the victim being W. V. Kennedy. His brother arrived on the noon train, but was too late, the unfortunate having just passed away. The body will be taken to Alliance, Neb., where the deceased formerly lived.

The investigation of the disaster conducted by Commander Young and Lieutenant Yates and a report is being prepared to be forwarded to Washington. Nothing was learned as to its contents from any of the officers, but there appears reason to believe that they have decided only one thing, that the explosion was caused by the steam pipes of the other boilers and that the latter caused the death of the victim.

### MUSIC AND DRAMA.

The Bittner company will present "Woman Against Woman" at the Grand theatre. The name given by Postum Co., Battle Creek, Mich.

"The Road to Wellville" in each pkg.

## MAN IS IN DANGER OF DEATH BECAUSE HE LIGHTED A MATCH MIDST COAL DUST

George Otten, an employee at the Portland Cement works at Fifth West and Eighth South streets, was almost incinerated about 6 o'clock yesterday morning in a coal dust explosion. It was caused by carelessly lighting a match.

Otten was working in the coal grinding department, where the coal is ground into dust and thrown into the air by means of an air draught. At the time of the explosion he was waiting for a workman to turn on the power which runs the machinery. It was dark in the place and Otten thoughtlessly lighted the match contrary to the rules of the company. In a moment the place was filled with flames. With no means of escape the man cried for help. Before assistance could be given him his clothes were on fire. Several workmen rushed in to rescue him, but his clothes were so nearly all his clothes were burned off and his body was badly scorched. His hair and eyebrows were also burned off.

Otten was taken into the company's hospital and the ambulance called. The man was taken to the hospital, where he was given medical attention. He is now recovering, but the physicians are hopeful.

Otten is forty years of age and resides at 61 West Seventh street. He has a wife and six small children.

## WIDTSOE OR YODER

Former's Removal From A. C. Brings Up Interesting Question of Membership on Committee.

Dr. J. A. Widtsoe's removal from the faculty of the Agricultural college has brought up a rather perplexing question in relation to the membership of the special committee appointed to examine proposed sites for the new experimental farm. As originally made up this committee consisted of J. A. Widtsoe, Dr. J. A. Widtsoe, George C. Whitcomb, J. W. D. Allister and Dr. Widtsoe, the latter being removed to become effective Sept. 1, and the committee was reconstituted with a majority of three to one.

Dr. J. A. Widtsoe, United States marine hospital surgeon, has been assigned to take charge of the inspection of trains, to cooperate with the states and localities which have instituted quarantine, and he will make his headquarters in Jackson, Miss.

## Local Briefs.

STATE BOARD MEETS.—The state board of examiners held a meeting yesterday and passed upon a large number of claims against the state.

RON IS RECOVERING.—Dr. James E. Ramage and Mrs. Talmage learned yesterday that their son, Clifford Talmage, who was seriously ill with pneumonia in San Francisco, is now convalescent.

PAPA'S SILENCE.—Papa, who had already pleaded guilty to a charge of fighting, appeared for sentencing yesterday before Judge Whitaker. He is understood to have been fined \$5, which he promptly paid.

WITNESS.—Judge Diehl yesterday ordered that the case of J. M. McDonald, charged with striking a woman, be heard by Judge Whitaker. It is understood Judge Diehl is acquainted with the case and will be a full witness for the prosecution.

BIG CROWD RIDES.—Nearly 100 persons rode on Salt Lake street yesterday afternoon. The number of people who rode on the street cars was estimated at 500. The day was one of the best of the season and many people were able to find room to ride.

WILL BUILD NEW TOWN.—A copy of the proposed plan for the development of the town of Bingham, Utah, was presented to the board of education yesterday. The plan was prepared by the Bingham Development Company, with headquarters at 511 Main street, Bingham.

STOCK MARKET.—The stock market was quiet yesterday. The price of the Utah stock was \$2.00, and the price of the Bingham stock was \$1.00.

MODERN PLUMBING.—George G. Dayle & Co., 211 State street, Phone 162.

## LIST OF PETIT JURORS.

Drawn to Serve For May Term of Court at Moab.

Moab, July 25.—The following named persons have been summoned as petit jurors for the May term of the district court to be held at Moab on the 1st day of August: William E. Atkinson, Elgin; Daniel Snyder, Westwater; Thos. B. Fox, Moab; H. H. Turner, Moab; A. L. Aldrich, Richardson; J. H. Shaffer, Moab; John Martin, Richardson; Myron Lantz, Moab; James Waring, Richardson; Charles A. Finley, Castleton; Joseph W. Moore, Moab; Thomas H. West, Phoenix; Alex. R. Castleton; D. A. Empey, Moab; H. E. Cyders, Moab; Henry J. Holyske, Moab; William H. Castleton, William H. Castleton; Louis Lansen, Richardson; Joseph H. Wadsworth, Richardson; William H. Castleton; J. E. Schaff, Castleton; E. E. Campbell, Castleton; Joseph Burkholder, Castleton; Jesse M. Branson, Castleton; and James M. Branson, Castleton.

ROOSEVELT OBJECTED.

Spokane Used His Picture in an Advertisement.

Spokane, Wash., July 25.—President Roosevelt has objected to the use of his picture in an advertisement for the chamber of commerce. The advertisement was for the withdrawal of the brochure "On the Lewis and Clark Trail" from publication. This letter is dated from the White House, Washington, July 19, addressed to the Lewis and Clark Trail committee, and declares that President Roosevelt is very much opposed to the appearance of his portrait in an advertisement of this character, and requests that the booklet of which the cover was enclosed be immediately recalled from circulation and notice be given when this is done. The letter was signed by A. S. Barnes, acting secretary.

PATENTS ISSUED.

(Special to The Herald.)

Washington, July 25.—The following patents have been issued: Utah—W. C. Danielson, Logan, disk plow; Alfred T. Hestmark, Ogden, book binding; Wyoming—Charles M. Hurst, Rawlins, switch and signal track trip.

## PROVO NEWS NOTES.

Provo, July 25.—Judge Booth has made the following orders in the Fourth district court: Spanish Fork Co-op vs. Herman Soltrick, cause reinstated on calendar; Provo Co-op vs. Charles W. Dudley, judgment for plaintiff on a promissory note for \$250, principal \$244.50 interest, \$50 attorney's fees and \$20 costs; Parley P. Pratt of this city, who was taken sick last week, suffering from an attack of malaria, has almost completely recovered and has left the hospital.

The Commercial club will meet tomorrow evening at 8 o'clock in the hall of the people who will be here for the Utah land registration and drawing. A gentleman from Portland, Ore., who is selling privileges for Grand Junction, Provo and Ogden, and declares that a large number of people who would otherwise take part in the drawing will take advantage of this opportunity to stop over and try their luck in the drawing. He also brings the report that in Provo there are already many strangers who have come in for the registration, and that the town is already swarming with them. Much of the frontier order, there is as yet no large crowd here, although a few people are coming in each day.

As the Child Saw It.

(Ladies' Home Journal.)

A lady and her little daughter were walking through a fashionable street when they came to a portion of the street where the pavement was being laid. The child, who was very young, was looking at the noise of the vehicles passing by.

"What's that for, ma?" said the child, to the mother who replied, "That lady who lives in the house, my dear, has had a little baby girl sent her." The child thought a moment, looked at the quantity of straw, and said: "Awfully well packed, wasn't she, ma?"

## KAYSVILLE'S CELEBRATION

Pioneer Day Observed in a Fitting Manner.

Kaysville, July 25.—The celebration of Pioneer day in Kaysville was a successful affair. The people of Layton and West Layton wards participated and swelled the crowds on the recreation grounds and in the meeting house for large proportions.

The morning exercises commenced at 10 o'clock, when a program was rendered in the meeting house. A feature of the program was the singing of the united Layton and Kaysville choirs. Klondike addresses were delivered by Edward M. Whiteside and S. M. Kershaw, the former taking for his theme, "The Wonderful Power of the Bible," and the latter, "The Five of Deseret."

Beautiful solos were rendered by Misses Beatrice Jones, Hattie Barnes, Leitha Tubbs, and Mrs. Horace Whittier. The Kaysville orchestra did excellent work, and a very appropriate poem, "The Story of the Pioneers," was given by Miss Martha E. Barnes.

The oldest residents of Kaysville present were William Blood and James Green. Both were
